August 2026

A Message From Afshin…

August is here, and if you ask me, it is one of the sweetest months of the year — and I mean that quite literally.

There is one thing I look forward to every summer without fail: the amazing fresh fruit that really only tastes great in the summer. And while I love all fruit, I especially love nectarines and peaches. Not the ones that show up too early, a little firm and a little flat. Not canned peaches or cooked peaches or peach flavored things. The real ones — the ones that only arrive for a few short weeks when everything is just right. At the peak of freshness and that are perfectly ripe.

I have learned over the years that you cannot rush a peach. You have to wait for the perfect moment. (I have a trick on how to get a peach to perfect ripeness if you want to send me an email, happy to share).

But here is the other thing about peaches — and about summer itself — once that moment arrives, it goes fast. So when it's here, you had better slow down and enjoy every single bite.

I have been thinking about that a lot lately as it relates to Kurv.

This past month, I had the privilege of sitting down with many of you in our mini town halls, and I want to say — those conversations mean the world to me. There is something about a smaller setting that changes everything. People open up, ideas flow, and I get to hear directly from my teammates and their individual experiences.

The feedback I received — both in those sessions and in the notes that came in afterward — was honest, thoughtful, and incredibly valuable. I am grateful for every person who showed up and shared. Please keep it coming.

Which brings me back to the peach. This period of time at Kurv — right now, today — is something special. Do not let it pass without noticing it. We are building something that is quite amazing and we are doing it

together. Take a moment every now and then to look around, breathe it in, and savor it. We have great people, a very friendly and enthusiastic culture and our company continues to thrive.

We are growing. We are winning. And we get to do it alongside some truly remarkable people.

It is pretty sweet around here. And I would not trade it for anything - not even for that perfect peach.

Paysley Merchants Migrating to Kurv Merchant September 1

Over the next two months, we'll be migrating actively processing Paysley merchants over to the Kurv Merchant portal. This initiative is part of the broader integration following Paysley's acquisition, and it's a big step in bringing our merchant experience under one roof.

Here's what to expect:

- **Merchants keep their existing login credentials** — no new accounts, no new passwords. Paysley users will use their existing login credentials for Kurv Merchant after the migration (September 1, 2026).
- **Account history and data carry over automatically**, so merchants won't lose anything in the switch. They can expect all the same features and benefits, plus more!
- **Mobile app users** will need to download the new Kurv app and remove the Paysley app by September 1, 2026, and we've included dedicated instructions in our email communications to merchants.
- Merchants will receive a **three-email series** ahead of their migration date, so they know what to expect:

  • **Email 1** (sent via Paysley domain & app): **Tue, July 7**
  • **Email 2** (sent from ZoHo/Kurvpay.com domain): **Tue, August 4**
  • **Email 3** (sending from ZoHo/Kurvpay.com domain): **Tue, Sept 1**

If you're on the front lines with merchants (i.e., sales, support, partner-facing roles) you may start fielding questions about this soon. If you have questions about the migration or would like a copy of the emails being sent to merchants, please reach out to **comms@kurvpay.com**.

Kudos Board

Marion Unartel, Help Desk/Kart:

"Marion has been incredible in providing great support and helping to get Kurv 5 star reviews on Trustpilot. Great job Marion."

- Randy Hayashi

Annette Valenzisi, Legal:

"Annette has been working hard behind the scenes to make the legal review process faster and to lower our expenses on liens and subpoena response. I am so grateful for hard work and diligence. She has helped to transform several processes and make us more efficient. Thank you Annette."

- Honora Moore

Renee Goldoff, Support:

"Renee not only leads her department, she also puts out fires herself. She also has been very helpful to both Alex and myself in building out some sophisticated NMI hiearchies for ISVs and franchise groups. Thanks to her knowledge, we can compete with the big guys."

- Jesse Spears

Mike Takesky, Retention:

"Mike always does an amazing job with rate reviews and retention, but in July he saved one of our largest accounts and is potentially helping it to grow."

- Randy Hayashi

Greg Grace, Install:

"Greg, your collaborative approach to helping our sales team be their best versions is wonderful! Your willingness and eagerness to assist was not unnoticed, and I truly appreciate your help and guidance. Thank you for being such a great team player." :)
